# Environment Fair Community Day

## Programme

Solway Heritage, Scottish Natural Heritage and Dumfries and Galloway Council are delighted to invite you to come along and learn how you can make a difference to the environment locally and globally in an interactive and interesting way. This is in addition to our highly successful Environment Fair Family Day taking place on Saturday 6th March. A number of waste, conservation and energy organisations will be on hand to guide you on a journey of discovery!

- Presentations on waste and conservation
- Workshops on composting and wildlife gardening and recording
- Relax and enjoy short videos on the Ecodeco Waste Management Facility and Wildlife Footage
- Make something in willow for your garden
- Watch the **The Age of Stupid**, a hard hitting film about climate change starring Pete Postlethwaite by kind permission of Friends of the Earth
